Wrong again  
Let me go before you break my heart again  
Wrong again  
You're wrong again

You hold it over me  
And the day is wasted now  
I'll be there soon enough  
And it'd time you faced it now  
So focused on the words  
That you missed the context  
And it's difficult enough  
To admit was comes next

The words you said are ripping me apart  
I knew it would end like this from the start

Wrong again  
Let me go before you break my heart again  
Wrong again  
You're wrong again

I can make it on my own  
And I would love to hate you  
You'll score my ribs to show  
That I'll always blame you  
And taste the poison on your lips  
Like the lies between them  
That is innocent mistakes  
Until you repeat them

The words you said are ripping me apart  
I knew it would end like this from the start

Wrong again  
Let me go before you break my heart again  
Wrong again  
One more game that I will never win  
Wrong again  
Let me go before you break my heart again  
Wrong again  
You're wrong again

Let me go before you break my heart again (x5)
