I just wanted you to know  
I just wanted you (wanted you)  
And she stopped breathing  
She just stopped breathing  
Stay calm our alibis leaving  
So drive slowly  
With blood stained clothing on  
Blood stained clothing on

Just another victim  
Just another mystery  
Just another victim  
Just another mystery

I just needed you to see  
I just needed you (needed you)  
And I can't take it  
I just can't take it  
The plan is safe but the safe is breaking  
They'll seperate us interrogate us both

So kiss my softly, deadly  
I'll give you everything you've ever wanted baby  
So kiss me softly, I could be deadly  
And give me everything  
I've always wanted baby, baby

Just another victim  
Just another mystery  
Just another victim  
Just another mystery

I just wanted you to know  
I just wanted you  
And she stopped breathing  
She just stopped breathing  
Let's go our alibis leaving  
So drive slowly  
With blood stained clothing on

So kiss my softly, deadly  
I'll give you everything you've ever wanted baby

So kiss me softly, I could be deadly (deadly)  
And give me everything  
I've always wanted baby, baby

Just another victim  
Just another mystery  
Just another victim
