Soft whispers in the dark  
You want it, well I need it  
The beating of an empty heart  
It's not easy

Motionless on the floor  
Foreshadowed, rejected  
We can't escape this anymore

And you Â– you're so cliché  
So what will you say?  
When there is no defense?  
We're so past-tense  
It's sick  
As the daylight fades  
Our twilight waits  
To take it all

Whoa-oh-oh-oh-oh

Don't take this as a threat  
It's a promise, I mean it  
I'll be your last regret  
Can't you see it?

Eclipsed by something more  
Aesthetic, less haunting  
A warning that you can't ignore

And you Â– you're so cliché  
So what will you say?  
When there is no defense?  
We're so past-tense  
It's sick  
As the daylight fades  
Our twilight waits  
To take it all

Romance is dead

Romance is dead and gone  
Leave it buried

(X2)

And you Â– you're so cliché  
So what will you say?  
When there is no defense?  
We're so past-tense  
It's sick  
As the daylight fades  
Our twilight waits  
To take it all

Whoa-oh-oh-oh-oh

Romance is dead and gone  
Leave it buried  
(X2)
