It's been quite a spew since I seen your face

The ghost of you is all over this place

Now that you're gone - you can't be gone

I once opened my door and love slipped inside

I turned off the lights and you came alive

That time is gone - Cuz now you're gone

And I can't even turn on the radio

Without hearing some singer singing

"Where did our love go ?"

I don't know

But I ain't gonna cry no more

Said I ain't gonna cry no more

You once had a time when I gave of myself

I once was a flower so full of life

That time is gone

I'm so withdrawn

I've been sittin' here in this movie show

All night long

I just can't let go

It's finally dawned

You're really gone - gone

And I can't even turn on the radio

Without hearing some singer singing

"Where did our love go ?"

And I don't know

But I ain't gonna cry no more

Just know that

I ain't gonna cry no more

Said sixteen I's

And I can't even turn on the radio

without hearing some singer singing

"Where did our love go ?"

And you better know

That I ain't gonna cry no more

Just know that

I can't cry no more

Yeah I was in my room - all alone

The lights were off - not even nightlife

And I was thinking of you

yeah I was thinking of you

And then I thought about your new girl

your new girl

Then I said to myself - You know what ?

I ain't afraid of the big bad wolf

I ain't afraid of no big bad wolf

Who's afraid of the big bad wolf

I ain't afraid of no big bad wolf

I ain't afraid of no cruel cruel people

I ain't afraid of being all alone - who am I fooling

I'm afraid of - I'm so afraid of - I'm so

afraid of being all alone

Say I..

I'm gonna gonna get your soul

I'm gonna gonna get you slow

I said - give a day to uh you baby

I'm gonna get my heart together

Get outta my room

Get outta my house

Come on pretty baby

Get outta my mouth

I'm gonna get you slow

Don't worry - I'm gonna get you slow
