Man - did I smile too much

What gave it away - that I need a touch

Did my eyes - whisper she's lonely

Let's take a drive - come on

Lay with me - Lay with me

I've never said this before to a man

I'm getting a little bolder understand

I've locked the door behind me

Now you're here - I'm ready - lead the way

Did I lead you on

Oh - if I did I'm sorry

If I made you feel

This love would only be temporary

Did I lead you on

Don't leave me

Don't leave me

Leave me for another woman

Man - did I hold too tight

Would it turn you on - if I turned off the lights

Then you smile and say I can't do that

You know you got me worried

You tell me I can't touch you there

We haven't gotten married... Well

Come on - Lay with me

Stay with me
