I prepared to love you seven ways (via 7 orifices)

Gave you all my trust

Why'd you change?

Who's gonna call ya ?

I was gonna call ya at

939-4 huh - I forgot

Cuz then I saw ya

Kissin' up some mother

What a shame - what a shame

And now you're

Right back down to the

Middla my heart

you're going

Right back down to the - huh

Middla my heart

Right back to the

Middle of my heart

I prepared to touch you

Every place

Planned to open up

Let you taste

Who's gonna call ya ?
I was gonna call ya at
939-4 huh - some other time,
Would love to chat but babe
I gotta get my other line - my other line
bye - bye
And now you're
Right back down to the
Middla my heart
You're going
Right back down to the - huh
Middla my heart
Right back to the
Middle of my heart
You thought you could betray me
And still be my man
Go play in their garden of Eden
And still have my Promised Land
No way
Baby how'd you get my number?
So tell me how you got my number?
Oh brother how'd you get my number
Middla my heart
