Brooke Hogan:Chorus]

I see your lips moving but I don't hear nothing
Everybody talking like they really know something
about us
But they don't know nothing about us
I see your lips moving but I don't hear nothing
Everybody talking like they really wanna know about us
But they don't know nothing about us

[Brooke Hogan:Breakdown]

I'm just trying to live but your all up in my grill
How's a girl to breathe with all the media starring down
my mouth
With a four inch lenz I just wanna hit the mall with some
of my friends

I see your lips moving but I don't hear nothing
Everybody talking like they really know something
