I know just what your mama said

Always misunderstood

Gotta tell you something

I saw it in your eyes

I think I left your back seat

And now It's always good

I fell asleep from day

And all the promises

There's a lot of people

That let their will to say

I've got a lot of friends

And they've got beautiful eyes

That make my heart feel surprised

And you notice it

And that's the truth

That's the truth

Have me to you

I shine along underneath your view

I'll be the one

To let you know when you've come undone

I like the stars in the sky

And watch the moonlight go by
I've got a lot of friends
And they've got beautiful eyes,
That make my heart feel surprised.
And that's the truth,
That's the truth (x3)
