You an angel that fell from the sky  
Una monequa, tan bonita

Would you be my senorita?  
I know these other guys  
Dropping these lines  
So I had to figure out a way to make you mine  
They say that hookups take time, so I'm a take my time  
I would wait a million years just to kiss your lips  
Tell me when you're ready, we can take a trip  
Anyplace, anywhere that you wanna go  
All you gotta do is let me know (Is let me know)  
With the snap of a finger {\*snap\*}

And give you pleasure you never felt before
