So happy we go  
That you and me  
And every day of sorrow  
Are gonna be alright

Until we know  
That we are free  
And there's nothing else  
To be afraid in life

We can find the way of love to grow  
Everyone should try and carry on

Some bright stars are guiding all the way  
Bells to ring and jingle  
Bells to ring and jingle  
Under the moonlight is time to celebrate  
For today's a blessed holy day  
[x2]

With hope we go  
That you and me  
And every new tomorrow  
Are gonna be so fine

Until we grow and feel complete  
Staying side by side  
We're gonna dream so high

Smiling my soul out I sing this song  
The Santa is on his way let's carry on

Some bright stars are guiding all the way  
Bells to ring and jingle  
Bells to ring and jingle  
Under the moonlight is time to celebrate  
For today's a blessed holy day  
[x2]

Let's open our minds  
And raise our hearts

In peace, in love and have  
A Merry Christmas life  
Embrace a world of magic  
Of hope, dreams and full delight  
So bright

Some bright stars are guiding all the way  
Bells to ring and jingle  
Bells to ring and jingle  
Under the moonlight is time to celebrate  
For today's a blessed holy day  
[x2]
