(Third Eye Blind)

I am the conqueror
I taste your scent in the wind
I set my sail but then you sink my boat
So I begin to swim
Bash my foes until I win
Lances smash across my chest
That's my quest you wonder why
I will never die
The only thing I bleed for is you

Oceans of love
I've crossed them for you
In the matrix of your garden
I find you in bloom
Now that you found me
No one's gonna get around me

I'm coming for you
Coming for you
Coming for you (Can we get this all together)
Coming for you (Can we get this all)

Nothing I cannot do
There is nothing I wouldn't do for you
And you put me all through the worst
I am cursed with a light that's made to burn
That's where I shine
And now you'll be mine

Oceans of love
I've crossed them for you
In the matrix of your garden
I beg your pardon
Now that I've hardened
No one's gonna get around me

I'm coming for you (Can we get this all together)
I'm coming for you (Can we get this all together)
Coming for you (Can we get this all together)

Coming for you (Can we get this all together)

That's where I shine
And you, you, you, you, you
Are mine, mine, mine, mine, mine!

Oceans of love
I've crossed them for you
In the matrix of your garden
I find you in bloom
Now that I've found you
No one's gonna get around me

I'm coming for you (Can we get this all together)
I'm coming for you (Can we get this all together)
Coming for you (Can we get this all to
