Got to see him, see him, see him
In a disco club last night
She saw him, saw him, saw him
In a disco club last night, ah
We were dancing and romancing
I really felt alright
They were dancing, dancing, dancing
They held each other tight

Then they kissed me, kissed me, kissed me
And I wished that he would stay
Then he kissed her, kissed her, kissed her
She fell in love
From that magic, magic moment
Heaven's just a step way
From that magic, magic moment
Heaven's just a step way

Oh doctor, doctor help me please
I've got the trembles in my knees
I really felt electrified
Cause of the power he supplied
Can't resist that angel-eyed handsome child
Of Aphrodite
Oh doctor, doctor help me please

No I never, never, never
Felt this way before
She never, never, never,
Met a man like this before
If it's love, love, love
Oh Lord, then give me more
If it's love, love, love
Oh Lord, then give me more

But my mama, mama told me
That love can make you blind
Well, her mama, mama told her
True love's so hard to find
So I better cool it,
Or I will lose my mind
She better cool it, cool it
Or she will lose her mind

Oh doctor, doctor help me please...

Can't this be love
Then give me more
I never felt this way before
If this is love
Then give me more
I never felt this way before

Oh doctor, doctor help me please...
