I want to speak with you  
Old friend of mine  
Let me have my say about you  
If you feel fine

I hate people around me  
I detest their smiles  
I'm trying to show all my rage  
Looking in their eyes

Make me say something more  
I failed to talk with them  
To find what they're looking for  
And I waste my breath

And I'm turning to you  
'Cause you use your brain  
That's why I forgive, my friend  
Trusting in you, believed my pain

But you can't understand  
This is what I feel  
Therefore I'm coming sad  
Therefore I'm going mad

I want to speak to you  
Talking also by sings  
All question you want to do  
They will be right

Please pay attention to my words  
Look into my eyes  
Common sense is an uncommon thing  
Try to use it now

And I'm turning to you...

But you can't understand...

Maybe I feel better if I explain you my rules  
And if I show you all my thoughts  
Maybe I feel better, if I do it, I'll be right

So, try to enter in my mind

And I'€™™ m turning to you...

But you can'€™™ t understand...
