I'm talking with you  
About place where we live now  
About our wishes and  
Our future far from here

There's a place where we wanna go  
It is nowhere, where we can't know  
In your life plan now you can't read it  
Try to follow me

In my town... In my house  
Where we are falling daown  
No hope for you... Not for me  
Try to think... Follow me

I'm wasting my time  
Here with you  
And I want to leave  
And I want to leave  
Maybe you and me  
Me and you  
I know...  
Once upon a time when we felt better  
Once upon a time when we were better  
Once upon a time, now we're going away

I'm talking with you  
About our lifeless now

There's a place where we wanna go  
It is what we are waiting for  
We can find it, I'm sure is not here  
Try to follow me

In my town...

I'm wasting my time...

And I'm talking  
About place where I  
Live now

I'm leaving now...

Leave my town

Leave my town

I'm wasting my time...
