Slow down now
This is too much for me to take
Don't move so fast
This heart's too easy, so easy to break

It's time you go, let's run away
There's nothing left in the midwest anyway

I will be, I'll be right here
Waiting for you everyday
And I will be, I'll be right here
For you tonight

Three days have passed
With only three faint words
(I love you)
It's not enough, no it's never enough
Nothing could ever make up for this

It's time you go, let's run away
There's nothing left in the midwest anyway

I will be, I'll be right here
Waiting for you everyday
And I will be, I'll be right here
For you tonight

Just let go, just let it go
Just let go, just let it go

I will be, I'll be right here
Waiting for you everyday
And I will be, I'll be right here
For you tonight

No, for just tonight
