We're awake  
We've been talking for hours on the phone  
Now I'm sick and tired  
Of bein' all alone  
She said, she said  
Stop now  
Look around to all their sorry faces  
They'll never have what we had  
Now we don't either

[Chorus:]  
This won't last forever  
You've been much too clever  
For this love  
This won't last forever  
I'm not what you wanted  
Am I?

Let's be plastic dolls for just one day  
We know  
We don't need these emotions anyway  
Stop now  
Look around to all their sorry faces  
You haven't made this any easier  
No, I don't want to shout it out  
But sometimes I just have to  
This is how it feels

[Chorus]

(This won't last forever)  
(All I know  
It's all I know)

I can't  
Can't take this anymore  
It's harder now  
It's getting harder to breathe  
I can't  
Can't take this anymore  
It's harder now  
It's getting harder to breathe
