Want to be with me,

Want to be with me

(Wanna be with me)

Vers 1.

Night falls, everybody change their attitude

and they start to run, they wanna be the first in line
again.

oo-oh

I go, stepping on a cast to fortune

I don't know if I win, Saturday is bringing the magic in

Wanna be with me

Let me show you, that I love you. Oh-yeah

Wanna be with me

You'll be stronger, I will hold you

If you wanna be with me

(Wanna be with me)

Vers 2.

Turned here, listen to a voice that I don't know

Then we start to dance, feel his body movin closer now.

Oh-yeah

And I feel, take a step around I feel so good.

I dont know if I win, saturday is bringing the magic in.

Wanna be with me

Let me show you, that I love you. Oh-yeah

Wanna be with me

You'll be stronger, I will hold you

If you wanna be with me

Want to be with me

Want to be with me

One is for the music

Two is for the moves you're making

Three is for emotions

Do you, do you love me?

Wanna be with me

Let me show you, that I love you. Oh-yeah

Wanna be with me

You'll be stronger, I will hold you

If you wanna be with me

Let me show you, that I love you. Oh-yeah

Wanna be with me

You'll be stronger, I will hold you

If you wanna be with me

If you wanna be with me
