What happens here stays here, right?
This is nothing but a miserable lesson learned
What we share together will not end up streaming
through someone else's lips
I must fight with shadows in my own defense and worst
of all, their names I do not know
Tell me do I disgust you?
Tell me do I amuse you?
Tell me which is it?
I fit their image so perfectly and it is making them sick
Is this disgust?
Is it disgust or amusement?
That catches you attention; that draws them near
Is it disgust or amusement?
Disgust or amusement; Which is it?
