Lately I've been runnin' into our old friends  
Somewhere in the small talk  
Someone always asks where you've been  
So I tell 'em what you told me  
And they can't believe we're through  
They ask me what I'm doing now  
And in case you're wondering too

Chorus:

I breathe in, I breathe out  
Put one foot in front of the other  
Take one day at a time  
Until you find I'm that someone you can't live without  
But until then, I breathe in, and breathe out.

Now I've got every reason  
To find someone new  
Cause you swore up and down to me  
That I've seen the last of you  
But the way you loved me  
Girl it left me hopin' and holdin' on  
So until this world stops turnin' round  
And my heart believes that you're gone

Chorus:

I breathe in, I breathe out  
Put one foot in front of the other  
Take one day at a time  
Until you find I'm that someone you can't live without  
But until then, I breathe in, and breathe out

Yes we were meant to be  
Girl there's no doubt  
And if it takes the rest of my life  
For you to figure it out

Chorus:

I breathe in, I breathe out  
Put one foot in front of the other  
Take one day at a time  
Until you find I'm that someone you can't live without

But until then, Oh, I breathe in, and breathe out
