Don't take the blame  
Her innocence disappeared long before  
We knew her name  
She's just an actor with lines you can't ignore

She swore  
And justified that complexities lie  
Begging, pleading, hoping there would be a chance  
Confirming that she's changed  
I won't fall for fraud

And now it's proven

Through the deception she played out on you  
Naively protected  
Your heart from being afraid of the truth

She swore  
And justified that complexities lie  
Begging, pleading, hoping there would be a chance  
Confirming that she's changed  
I won't fall for fraud
