I have wandered far and wide
for something real something to die for
but I have found you and you do not see
all that is me all that is true

I am more than you will see,
I am more than you will need,
I am more than you will see,
more than wanted

as you float the flimsy surface
you should know life lies beneath it
don't pretend you feel what I feel for you
live illusion and i am real

[chorus]

I know, I know you like the way
you feel when I play
I know, I know you don't really
hear what I say
I know, I know you are waiting
for something to raid
I know, I know you wish you could be
more than you say

I have wandered far and wide
for something real something to die for
but I have found you and you do not see
all that is me all that is true and

[chorus]

more than you'll love, more than you'll hate,
more than you'll hold, more than wanted
more than you'll crave, more than you'll cherish,
more than you'll have, more than wanted
