I'M EASY (Keith Carradine)

It's not my way to love you just when no one is looking  
It's not my way to take your hand if I'm not sure  
It's not my way to let you see  
what's going on inside of me  
When it's not love you won't be needing you're not free

Please stop pulling at my sleeve if you're just playing  
If you won't take the things you're make me wanna give  
I never cared too much for games  
and this is driving me insane  
You're not half as free to wonder as you claim

That's why I'm easy, yes I'm easy  
Take my hand and pull me down  
I won't put up any fight because I'm easy

Don't lead me on if there's no way for you to love me  
If loving you would have to mean a sometime thing  
I can't put bars on my inside:  
my love is something I can't hide  
It still hurts me when I recall the times I tried

Because I'm easy, yes I'm easy  
If you want me I come running  
without any time to think, because I'm easy

Don't do me favours let me watch you from the  
distance  
For when you're near I find it hard to keep my hand  
But when your eyes throw light at mine  
it's enough to change my mind  
Let me leave my cautious words and ways behind

Because I'm easy...
