I'm not too young and

I'm not too old

Listen up everybody

This ain't Aaron's party

Part two, i'm older now

come and show me body

Girl, whatcha gonna do

Come and talk to me

In the backseat

Baby backstreet

We could surf the board

Surf the net, better yet,

We could make a little bet

If we get together, yo

It's gonna be da bomb

Hit me all baby

Aaron Carter dot com

See when it comes to girls

I'm not too young

Baby take back up on the seat

But when I get in trouble

Hey, I'm not so old
I put my cap way down
And say I'm eleven-years-old
That's how we roll
Throw your hands up now
Let the music take control
This is how we roll
I'm not too young
And I'm not too old
Here we go
Throw your hands up now
Let the music take control
This is how we roll
I'm not too young
And I'm not too old
It's A to the A to the R O N
I'm all growin' up now
Runnin' to your friend
It's all sewn up now
Where do I begin?
Don't even playa hate
Tryin' to say I look ten
I'm not tellin' you again
I'm all up in the video
Catch me in the studio

That's my life bro

It's in my blood

Hey, it ain't my fault

You wanna step to me

We can take it to the asphalt

Shoot some hoops kids

Slam dunk the funk

Battle on the rollerblades

You're callin' me a punk

Bring on the skateboards

Or the BMX

Show me what you got

Is that all? Please, next

I'll wipe the floor with you

Where's the concentration

Don't even talk about

The Sony Playstation

I'll make it happen

If it seems that you won

Aaron Carter got you open don't front don't front

Let's roll

Throw your hands up now

Let the music take control

This is how we roll

I'm not too young

And I'm not too old

Here we go

Throw your hands up now

Let the music take control

This is how we roll

I'm not too young

And I'm not too old

He's steppin out with the older boys

Cover up your ears

'Cause we're makin' mad noise

He's steppin out with the younger girls

Cover up your eyes

'Cause we rock the world

He's steppin out with the older boys

Cover up your ears

'Cause we're makin' mad noise

He's steppin out with the younger girls

Cover up your eyes

'Cause we rock the world

See when it comes to taking

all the girls for a cruise

In my ride

All I need is pillows hello

(hello?)

I'm not too young

My cellular rung

Switch it off, yo

Hit me on the pager

A real teenager

With a fake beard

Battin' in the majors

That's how we roll

And when it suits me

I'm anywhere between

12 and 18-years-old

Here we go

Throw your hands up now

Let the music take control

This is how we roll

I'm not too young

And I'm not too old

Here we go

Throw your hands up now

Let the music take control

This is how we roll

I'm not too young

And I'm not too old

Here we go

Throw your hands up now

Let the music take control

This is how we roll

I'm not too young

And I'm not too old

Here we go

Throw your hands up now

Let the music take control

This is how we roll

I'm not too young

And I'm not too old
