So you hear it  
You hear your heart beat  
And you know, yeah,  
What it is that really makes it tick

Yeah you hear it,  
You hear it calling.  
That voice inside that says  
There's more to tell than this

There's something larger.  
There's something sky bound.  
So come with me now through the limbs of this tree  
Higher! Higher still,  
Driven by the knowing  
That there's more to tell than this.

So you hear it,  
The clay pots smashing.  
the water's flooding through  
Whatever sleeping paths

A cold shower  
In the morning wide awake  
Because we know there's more to tell than this

There's something larger.  
There's something sky bound.  
So come with me now through the limbs of this tree  
Higher! Higher still,  
Driven by the knowing  
That there's more to tell than this.

Come on and go burst through the canopy like  
The sun splitting the darkest cloud  
To breath it in mMm  
This deeper wind-  
Let's bring it in

Come and burst through the canopy like  
The sun splitting the darkest cloud

To breath it in mMm  
This deeper wind-  
Let's bring it in

Holding onto this tree I am  
So to never to fall from its branches again
