VERSE 1

A fight will take care of itâ€™s own. It letâ€™s you win,
always you roam.

Colours dancing everywhere, I bet they come again
next year.

CHORUS:

Come Dance With Me. Weâ€™ve got the moves that
make us groove.

Take a chance with me. Weâ€™ve got the grooves, we
make all the moves.

VERSE2

The lady of the night will leave her home. Her ship will
sail through all Iâ€™ve known
Stars shining everywhere. Iâ€™ve seen the same ones
every year.

VERSE3

A man will sow the seeds of love. But they will call it the
seeds of hate.

The sun shines brightly here and there, Iâ€™ll judge
those hypocrites I swear.
