Yea this for the grown and sexy, this for the grown and  
sexy (hey hey)  
This for the grown and sexy this for the grown and sexy

[Cassidy]

If you down for me then I'm down for you  
I'll lay a nigga down if he fuck around with you  
And if you there for me then I'm there for you  
Thru the laughter and tears I'll care for you  
And if you ride wit me then I'll ride wit you  
Stick by ya side and provide for you  
And if you roll wit me I'll roll wit you  
Be ya friend till the end and grow old wit you  
Peep it tho, I'm a pimp and I keep a hoe  
I met this on the low freak bout a week ago  
Yo I'm on the avenue, and she was walkin by  
While I'm comin out the store wit a bag or two  
Yo I woulda passed on her, but shorty had a ass on her  
That'll have you spendin cash on her  
I moved fast on her like come here boo  
And she was nice from her shoes to her hair do  
Bracelet was bright she had ice in her ears too  
Type that you might make your wife in a year or two  
Yea boo, you officially nice, thass why I'm tryna git wit  
you tonight, ima  
hit aight

[Chorus 2X: Mario]

Stay the same, your so sexy  
Can we hang, I wanna kno can we  
Do our thing, I wanna git witchu ahh  
I just wanna kick it wit you

[Cassidy]

Now when I got to the crib I was ringin her phone  
Like I'm thinkin bout bringin you home  
But thass not whut its all about, unless thass whut you  
make it about  
I ain't pressed I'm just takin you out listen  
Git ya hair done, git ya nails fixed  
Do all of that then call me back on the cell sis

I ain't the hell rich, but I'm still  
Gon fill you wit hchampagne stuff you wit shellfish  
Lobster rigatoni focaccia  
This lifestyle only for mobsters I gotcha  
We goin to the dinner spot round ten o'clock  
Ima drive by beep the horn then spin the block yup

[Mario]  
Let me knoooo if you're down tonight

[Chorus]

[Cassidy]  
I went to git her we went to dinner and ate right  
But its the late night I'm tryna see what her face like  
She ain't the first date type she got class  
But she dealin wit the B dot cass you heard that  
We got off the turnpike where she lightin the herb at  
I reached in my pocket and got it like hold up  
I passed her a dub and a dutchie like roll up  
Somethin came to me I made a U-way you know whaat  
You playin games ma, and I'm a player right  
But I ain't playin when I'm sayin you should stay the  
night  
I'm sayin like if I ain't poppin you off  
Ot gettin top at the bus stop I'm droppin you off yup

[Mario]  
Let me know if you're down tonight

[Chorus]
