You're apprehensive bout the local comprehensive  
And the schools you can't get into  
Change your job sell your house pretend to get a faith  
Go to church and pray for a Volvo  
What's the truth it's just a new way of lying channel  
switchin channel flickin too much choice you're veggin  
out  
Don't wanna be a loner or out on your own get in the  
zone Turn up the megaphone

Climb on board the mothership revolution the true  
Universal is the one solution How long you gonna sit on  
a burning fence  
Don't matter what you're for only what you're against

they bought a dream now they can't wake up  
(Gonna wake you up)  
Don't need a reason cos no reason.is reason enough  
They're all demanding whose side you're on  
(Who's side I'm on)  
How many points you need to be a true citizen  
Don't wanna choose between a liar and a thief  
blood red pale blue both pretending to be green so far  
from home in this home from home  
Get out my way Here comes a molotov latte

[x2] Climb on board the mothership revolution the true  
Universal is the one solution  
How long you gonna sit on a burning fence  
Don't matter what you're for only what you're against

Who's gonna be the next to rise up and chant  
Who's the piggy in the middle  
Who's gonna be the next to rise up and chant Keep on  
running  
Running from the middle ground  
Who's gonna be the next to rise up and chant  
Riot start in IKEA  
Who's gonna be the next to rise up and chant  
In the buzzword battleground  
Goin nowhere faster now

In the buzzword battleground

[x2] Climb on board the mothership revolution the true  
Universal is the one solution  
How long you gonna sit on a burning fence  
Don't matter what you're for only what you're against

what you're against  
yeah

[x3] Climb on board the mothership  
Here comes a molotov latte

[x6] Climb on  
[x1] Climb
