Written by: Das, Pandit, Savale, Tailor, Zaman  
For every opportunity we squeeze de last drop  
Seeds sown inna de past and now we're reaping de  
crop  
Yer, spreading de roots an we're no longer under-  
ground  
Those dat turned away are now turning around  
Homebeats and High-hats mightier than de sword  
Version excursions an breaks from abroad  
Too many secret histories dat have never been told  
Reveal hidden agendas  
Remove de blindfold

Examine de story before you tek de stage  
Unscramble freaktalk displayed pon de front page  
Frequency flashing synchronised like strobe  
Can't do it alone you need to get into de collective  
mode  
Need to get into de collective mode

We're taking note of every brand new sound  
Keeping our minds open  
Cor we know we're future bound

Together we must recognise the signs of our times  
Together we must learn to read between the lines  
Make your own programme  
No bother become digital captive  
You need some Audio  
So you must be Active  
Get into collective mode  
Spirits become positive  
You live de life you love  
An you love the life you give  
No-one is an island whether you like it or not  
All inna di same boat which is about to be rocked  
Warning light flashing synchronised like strobe  
Can't do it alone you need to get into de collective  
mode

Do you spend too much time living inside your head  
Worry too much about what the other man said

Need to pay heed to dis sonic reflection  
Turn dis disconnection into interconnection  
And get into de collective mode
