I'll be honest with you
I hate war in all it's forms -
Physical, psychological, spiritual.... emotional...
environmental
I hate war...
And I hate having to struggle - I honestly do
Because I wish I had been born into a world when this is
not necessary
This context of struggle and being a warrior and being
a struggler
Has been forced on me by oppression
Otherwise I would have been a sculptor or a gardener
Carpenter - you know, I would be free to be so much
more...
I guess being part of me or part of who I am, a part of
what I do
Is being a warrior - a reluctant warrior, a reluctant
struggler
But... I do it because I am committed to life
We can't avoid it. We can't run away from it
Because to do that is to be subservient... to devils
Subservient to evil and so that the only way to live on
this planet with any human dignity at the moment is to
struggle
