New Crash is coming

Watch out IMF dem try to tek away your sight  
Boom an a gloom, recession it a loom  
For de second time in ten years monies starting to get  
tight  
Better tek cover 'cos de crash is coming soon  
Lock, stockbrokers and two smoking barrels  
Spun de roulette wheel an a you won de first time  
So forget bout prayers an a your christmas carols  
Welcoming de new year back on de breadline

New Crash is coming

Pointing de index finger at meaningless figures  
Dow Jones, Wall St., Nikkei they all lied  
Speculator, golddigger an free market ligger  
Here comes a FTSE up your backside  
Pacific Rim panic, taking de tooth from de tiger  
Financial fallout overriding de geiger  
A war of nerves between the US an Japan  
Once again de underdogs end up carrying de can  
Watch out IMF dem try to tek away your sight  
Boom an a gloom, recession it a loom  
For de second time in ten years it's your money or your  
life  
Better tek cover 'cos de crash is coming soon  
International Monetary Foul play  
Talking doublespeak is de order of de day  
Freetrade, Slavetrade, slip dem a bung an call it aid  
Gurus, Fakirs: Witness de mess dat they have made

It's de end of history, we say it's just de beginning  
Struggle for de truth no more doctors will be spinning  
Pilger prophecised de profits of de city  
Media mogul dying wid his hand inna de kitty  
We live in de world that time BeGATT  
Time to check de data debris an change de format  
All de way from de frontline here comes de backlash  
Bad news outnational announcing de crash!
