Culture Move

Written by: Das, Pandit, Savale, Tailor, Zaman,
Crawford

Now watch this !

I want all of the masses them come do culture move

This collaboration here with no ego trip

WE don't bring no badness no fuss or fighting with it

And educational why don't you keep up with this

Time to pay attention to the conscious lyrics

May try!

What them a do man an' what them ah chat about

With the youth them after nine o' clock can't stay out

A government man he must have run up on the mob

Hear ! What him ah say will happen without a doubt

He cannot think for himself, copy the American

To build up the tension bring the idea to Britain

Now ! When the law is done he'll have his satisfaction

Then it will be as life for the old man, young man and
woman

Who goes there?

The original Asian Dub Foundation

alongside Navigator on the M- I- C

Up here reality we talk and strictly culture

Culture upon the move this year

HeyHeyHeyHeyHeyHeyHeyHehAsian Dub

Foundation

HeyHeyHeyHeyHeyHeyHeyHeyHey

Kingdom 'gains kingdom and nation 'gains nation

Time we are living up in them revelation

'Cos when you take a stock of the whole situation

The elders them ah poison the young generation

Instead of them ah trying to build a firm foundation

Them ah bring human beings down to pure
degradation

With chemical warfare and nuclear weapons

Starvation, Sufferation, Dehumanisation

The world population have to take precautions

From pollution, corruption, deception, infection

Politicians can claim that they've got the solution

But deep in up them hearts them have a wicked
intention
To rinse out poor people with tax and inflation
Segregating the massive, separating the nation
You think ah, so it goes before you answer a question
You better watch yourself before they bug you're not
madman

All of the masses inside the place do culture move
All of the masses inside the place do culture move
All of the masses inside the place do culture move
All of the masses all of the public do culture move
Sooner the culture on on the move...
Coming Deeder!
This one for all microphone entertainers
You have the tool you have the voice so be an educator
Stop! Stopping the slackness and come on, tell them
proper
Encourage the massive to become their own creator
Because in ah this time you have to understand
That the government man's going to try and mash up
on the plan
So direct the crowd and give them navigation
Believe you'll me get a wicked reaction
Show 'em on!
HeyHeyHeyHeyHeyHeyHeyHey beyond the navigator!
HeyHeyHeyHeyHeyHeyHeyHey
Sound of the culture upon on the move
You gotta be conscious in everything that you do
Asian Dub Foundation WILL!
