Spread power with words

The gold that you stole  
The pillage and the plunder  
Is it any wonder that we're here?  
It ain't no mystery  
The fecting and the shooting  
That's the real history  
We're only here 'cos you were there  
Consequences of your global pillage

I never had the feeling to either destroy or conquer

I sift to the debris you left in your wake  
When you pushed us in to third place  
When the truth is uncovered and the story's been told  
you won't be able to look me in the face .....

We're only here 'cos you were there  
Here in England a global village  
Consequences of your global pillage

Master D chat it up ....

I sift to the debris you left in your wake

When you pushed us in to third place  
When the truth is uncovered and the story's been told  
you won't be able to look me in the face .....

You treated my mother's land  
just like one big plantation  
You did this to the African  
You did this to the Asian  
Famine was caused not by god but taxation  
The fruits of our labour were used to build your nation  
Sucking us dry - our country's natural juice

Yes our underdevelopment was caused by your abuse.

Gonna check the missing pages

We'll be adding up the numbers  
We'll be looking for witnesses so they can tell our  
brothers  
We'll be using the technology  
Jammin' with it consciously  
We are gonna spread power with words.
