Without a doubt

This is the new sound a coming around

No we never lost sight of the fight on our hands

People of colour

Listen up

We're giving you the first bite

Homegrown - many seeds have been sown

We're developing our sound

Now it's fully blown

Creative movements-

Moves meant to make you think

Sounds shaped to take you to the brink

Messages received and sent

MIDI Warriors

OMNI on

This is Rafi's revenge

Equal opportunity denied to us

Yes they put us on the white list

That's why we're making a fuss

They never thought we'd get to this stage

Still they won't give us any space on their page

Mixing the rant with the rave-

That's our way

But they only want to listen if we've nothing to say

No start or end points

Just dealing with this time stretch

Cos in this time, dread

We're on a mission to vex.
