Tu meri me tera  
You are mine  
And I am yours

Standing together side by side  
I'm not your shadow but I could be your guide  
Stick with me in this time of insanity  
Working together to survive this reality

Without you I don't think I could bear  
Belief in myself man you take me there  
You see me as I am and what I wanna be  
The hopes for myself yes you are the key

And when I'm on the mic  
I don't have to chat shit  
Guns or cars or the size  
Of my prick

Your inspiration makes me rap wisely  
Like tunes for a cold  
You make me think clearly  
Asian sisters shouldn't hear slackness

But conscious lyrics like  
Sounds of blackness  
Asian brothers come listen to me  
Respect your sisters if you wanna be free

I will never forget the love you have given  
Sacrificed for the life we are living  
The greatest wealth that no one can steal  
No amount of wickedness would stand in your way  
I will never forget  
How you struggled to allow us to see a better day

Standing together side by side  
I'm not your shadow but I could be your guide  
Stick with me in this time of insanity  
Working together to survive this reality

Without you I don't think I could bear

Belief in myself man you take me there  
You see me as I am and what I wanna be  
The hopes for myself yes you are the key  
And when I'm on the mic, I don't have to chat shit  
Guns or cars or the size of my prick

Your inspiration makes me rap wisely  
Like tunes for a cold  
You make me think clearly  
Asian sisters shouldn't hear slackness

But conscious lyrics like  
Sounds of blackness  
Asian brothers come listen to me  
Respect your sisters if you wanna be free
