You're bringing me back to life
You're bringing me back to life

You're bringing me back to life
You're bringing me back to life

You're bringing me back to life
You're bringing me back to life

You're bringing me back to life
You're bringing me back to life

You're bringing me back to life
You're bringing me back to life

I walk all divine
That you're all innocent
Put myself in Your hands completely

You're bringing me back to life
You're bringing me back to life

I walk all divine
That you're all innocent
Put myself in Your hands completely

You're bringing me back to life
You're bringing me back to life

Oh how I'm blessed on this day
Today and every day
Now that Your light is in my heart
I shall hunger and thirst no more

I walk all divine
That you're all innocent
Put myself in Your hands completely

You're bringing me back to life
You're bringing me back to life

I walk all divine

That you're all innocent
Put myself in Your hands completely

You're bringing me back to life
You're bringing me back to life

I walk all divine
That you're all innocent
Put myself in Your hands completely

You're bringing me back to life
You're bringing me back to life
