Could it be that I've mistaken you
For someone who can heal my pain
But you steal every breath of air that comes out of my
lungs
But I can't keep, keep my hands off you

Give me a good reason to stay
If I can't decide
I'll dig my own grave
Give me a good reason to stay
If I don't decide
I'll dig my own...

Could this be that I've mistaken you
For someone who can heal my pain
But you steal every breath of air that comes out of my
lungs
But I can't keep, keep my hands off you (Hands off
you)
Go!

Give me a good reason to stay
If I can't decide
I'll dig my own grave
Give me a good reason to stay
If I don't decide
I'll dig my own grave

I need to learn from my mistakes!
or I'll dig my own grave
I need to learn from my mistakes!
or I'll dig my own grave
I need to learn from my mistakes!
or I'll dig my own grave
I need to learn from my mistakes!
or I'll dig my own grave
