I tried to save us
But little did I know
You are a speeding train off track
With little time to go

I tried everything
Tried so hard to let you know
But now I'm on my last thread
Pulling away to no avail

Yeah
Now it's our time
Yeah
Now it's our time
And I'll see you on the other side

Beneath all your skin
There's another side to you
You built up city walls
So I never get through
You built up city walls
So I can never get through

Yeah
Now it's our time
Yeah
Now it's our time
And I'll see you on the other side

Why would I take it too far
With not thinking about the end at all
If a fortune could say what the future will bring
Then I'm not convinced
It's ending in tragedy
And most of all
It's in my control
To end it all
