The wild pulsebeat of their young blood beats out a reckless rhythm. Every young girl wants her guy and every guy is looking for..."

Knock knocking on your bedroom door  
Standing here wondering what I'm doing this for  
Don't know where my mind went I need to piece  
Together the events that led me here  
(So let's go)

I dont know your name at all  
Told me over a band I've never heard before  
Lost you in the moment  
I know I'm hard to follow  
I didn't mean to cause you trouble  
But your lips were too close to my mouth  
(So let's go)

She said that I'm not the one  
That she should bring home tonight  
(She said I'm not the one)  
And I know that she's not the one  
That I should bring home tonight

Have you made up, o-oh  
Have you made up your mind?  
Don't think this over  
Have you made up, o-oh  
Have you made up your mind?  
Don't think this over

Knock knocking on your bedroom door  
Can't help but feel like I've done this before  
Hoping that my jaw breaks so I can't talk  
My way out of this web I've spun  
(So let's go)

I'm throwing your name around  
Driving to your house on the other side of town  
Hoping that I break down  
I need to get it together

I didn't mean to cause you trouble  
Your lips were too close to my mouth

She said that I'm not the one  
That she should bring home tonight  
(She said I'm not the one)  
And I know that she's not the one  
That I should bring home tonight

She said that I'm not the one  
That she should bring home tonight  
(She said I'm not the one)  
And I know that she's not the one  
That I should bring home tonight

Have you made up, o-oh  
Have you made up your mind?  
Don't think this over  
Have you made up, o-oh  
Have you made up your mind?  
Don't think this over

Let's cross that bridge when we get to it  
I won't be alone, no I want your number  
Let's cross that bridge when we get to it  
Write it down on my hand so I won't forget

Let's cross that bridge when we get to it  
I won't be alone, no I want your number  
Let's cross that bridge when we get to it  
Write it down on my hand so I won't forget

I didn't mean to cause you trouble

I didn't mean to ruin your night

She said that I'm not the one  
That she should bring home tonight  
(She said I'm not the one)  
And I know that she's not the one  
That I should bring home tonight

I'm not the one she should bring home tonight

She said that I'm not the one  
That she should bring home tonight  
She said I'm not the one
