

A New Found Glory "Intro"

Don't believe a word
A word they say

It's more than a T-shirt
It's more than a tattoo
It's more than a phase
This is how I was raised

You keep trying
To market this feeling
I heard what you said
And no we're not the same
No, we're not the same

You'll never be a part of what we have
You'll never sing a song that we love
You'll never get respect and you can't fool us
'Cause we know what you are

Don't believe a word
A word they fucking say
