Where do you go when you have nowhere to turn?
The roads connect to the bridges you've burned to
reach the end...

You've been calling - and since you were - and
finding excuses to be by yourself
There's more to life,
You know.

[Chorus:]

It takes you to open up your eyes
To see the light - it's all around you,
It's all around you.

You've been slipping your problems away
Being reclusive you're losing yourself -
It's time to change,
You know.

[Chorus:]

It takes you to open up your eyes
To see the light - it's all around you,
It's all around you,
It's all around you,
It's all around you.

Slowly building up now,
Closing in on you now,
Breathing down your neck now,
Telling you don't leave it all behind.

[Chorus:]

It takes you to open up your eyes
To see the light - it's all around you.
It takes you to open up your eyes
To see the light - it's all around you,
It's all around you,
It's all around you,
It's all around...
