Constantly connected to the total unexpected
I'm a con, a stealer of hearts
I only keep this facade
To keep you on your toes
I'll take a glance while you sleep at night
Right from under your nose
So don't leave me

Don't leave, don't leave me here
I can't breathe without you
Don't leave, don't leave me here
I don't want to be without you
I don't want to live without you
I don't want to breathe without you (You're my oxygen)

It's hard to get rejected
By the one you most expected to be by your side
Your first thought being you should run and hide
I don't think you're to blame
I'll get you on your toes
I'll dream of you while I'm asleep at night
So nobody will know
So don't leave me

Don't leave, don't leave me here
I can't breathe without you
Don't leave, don't leave me here
I don't want to be without you
I don't want to live without you
I don't want to breathe without you (You're my oxygen)

Oxygen

With me, is where you belong
Right with me, is where you belong
Right here (Right here)
Right here (Don't leave me)

Don't leave, don't leave me here
I can't breathe without you
Don't leave, don't leave me

Cause I can't live without you
(So don't leave) Don't leave, don't leave me here
I can't breathe without you
Don't leave, don't leave me
I don't want to breathe without you
You're my oxygen
I don't want to breathe without you
You're my oxygen
