I'm sick of smiling  
And so is my jaw  
Can't you see my front is crumbling down  
I'm sick of being someone I'm not  
Please get me out of this slump

I'm sick of clapping  
When I know I can do it better for myself  
I'm sick of waiting  
Sick of all these words that will never matter  
I wired these nerves together  
Hoping for a chance to think on time  
And I'm tracing over your letter  
To see if your intentions are as good as mine

But you're getting worse  
I swear it  
It's hard to prove you're an understatement  
You're getting worse  
And I know  
You'll be calling, calling, calling me again

I'm done with everything  
That had to do with you  
Don't worry, your pictures are already burned  
I'm done with new friends  
Don't sell yourself short  
You'll lose it in the end

I wired these nerves together  
Hoping for a chance to think on time  
And I'm tracing over your letter  
To see if your intentions are as good as mine

But you're getting worse  
I swear it  
It's hard to prove you're an understatement  
You're getting worse  
And I know  
You'll be calling, calling, calling me again

I can't help how I feel

No I can't help how I feel

But you're getting worse

I swear it

It's hard to prove you're an understatement

You're getting worse

And I know

You'll be calling, calling, calling me again

Calling me again

Calling me again

But you're getting worse

I swear it

It's hard to prove you're an understatement

You're getting worse

And I know

You'll be calling, calling, calling me again
