"A Little Closer"

Baby, can we get a little closer? Or if not, can we just start all over? I've wanted you ever since you walked in the room. It's not me, this can't be what I'd hoped to find, but it will all make sense in due time.

Alright, when we both feel right.

Don't even tell me what's on your mind, 'cause there's plenty of time, but I'll still leave the lights on. When morning comes, you'll forget everything, 'cause it was just a dream, but I'll still leave the lights on.

Baby, can we get a little closer? Come on, come on, let's keep moving forward. I've wanted you ever since I saw you walk away.

Alright, when everything around us feels right.

And all I want is what's best for both of us.
