I got the hotness
That everybody wants in a girl
They just want a kiss kiss OH
But they just can't get with that girl

I'm a country boy from Tappahanock
Va is where I reside so shawty understand it
And I know I just turn 18
And I get a little mannish
And you see this bandanna hanging
That means I'm like a bandit (li-like a bandit, bandit)

If you wit it girl
Get it poppin
Roll wit me
Ain't no stopping
So get it shawty
We parking lot pimping in my dome
I know want you want

I got the hotness
That everybody wants in a girl
They just want a kiss kiss OH
But they just can't get with that girl
