Could I make it that much harder, for you to walk away  
Should I speak up that much louder, so you can hear  
me say  
Please, don't go now,  
Please stay for me  
Please get our goods times, and see me, the better  
man ,

You saw the eyes that spark to set on fire,  
You make me burn stronger in your soul,  
You force my flame to burn that much brighter,  
You let me be the one ,  
The one,  
The one,

Don't look at me that way,  
You make me shiver,  
I'm not proud of what I've done,  
I look at you , you're so much wiser,  
Another lesson that I've not won ,

So, oh, Please, don't go now,  
Please stay for me,  
Please get our goods times, and see me the better  
man ,

You saw the eyes that spark to set on fire,  
You make me burn stronger in your soul,  
You force my flame to burn that much brighter,  
You let me be the one,  
The one,  
Your one,  
Your one,

We make it happy where it's wanted,  
Is there emotion left for me,  
We make it happy where it's needed,  
Don't say it's too late for me, yeah

Don't look at me that way,  
You make me shiver,

Iâ€™m not proud of what Iâ€™ve done.
