humble and helpless
learning to pray
praying for visions
to show me the way
show me the way to forgive you
allow me to let it go
allow me to be forgiving
show me the way to let go
show me the way to forgive you
allow me to let it go
allow me to be forgiving

show me the way to let go
you made me yours
you made me
you pave the way
just praying for you to show me
where i'm to begin
