You love falling of the snow,  
Cold and silence by the lake.  
Follow your heart, You will always know,  
Not to give more than you take.

I'm drowned into deep horses eyes,  
'Bout you like to tell me.  
There are always things to sacrifice,  
But it's hard why can't you see?

In the day and night, If it's wrong or right,  
I copy all your dreams.  
Things you dream about, never say it loud,  
No matter how it seems.

Everything you do, Every word you say,  
It's going through my veins.  
And inside my soul and inside my brain,  
It feels like hurricane.

Follow your heart...

Wine shoes and the pure white soul,  
Just go and walk this way.  
I wish you could stay and free your whole,  
But you've got nothing to say.

This time seems to be so cruel,  
I just can't understand.  
Why do you think that I'm like a fool,  
If I wanna be more than friend?

In the day and night, If it's wrong or right,  
I copy all your dreams.  
Things you dream about, never say it loud,  
No matter how it seems.

Everything you do, Every word you say,  
It's going through my veins.  
And inside my soul and inside my brain,  
It feels like hurricane.

Everything you do, Every word you say,  
It's going through my veins.  
And inside my soul and inside my brain,  
It feels like hurricane.
