I'm on way to survive,  
You dragged me, but I aint down.  
Hard fall and still alive,  
In my dreams, you walk around.

I have to bring the love for you,  
I'm prepared to go all night,  
Don't need a passion thrust from you,  
I'll be dancing till the sunlight.

We own the ni-i-ight, the ni-i-ight  
Feel lost in laserlights.  
We own the ni-i-ight, the ni-i-ight  
Dragged me down so we can rise.

Let me fight for your love,  
In my head, you still be mine.  
Sometimes it just get tough,  
Close your eyes and get on run.

Tonight's the night and you should see,  
I'm prepared to go all night,  
Don't need to know how could it be,  
If we dance it till the light.

We own the ni-i-ight, the ni-i-ight  
Feel lost in laserlights.  
We own the ni-i-ight, the ni-i-ight  
Dragged me down so we can rise.

We own the ni-i-i-i-i-ight!  
We own the ni-i-i-i-i-ight!

We own the ni-i-ight, the ni-i-ight  
Feel lost in laserlights.  
We own the ni-i-ight, the ni-i-ight  
Dragged me down so we can rise.
