In the blink of an eye they could take us alive
And we would never know
In this war of life
It's give up or survive
What makes you think I wont

So don't buy in
Cause we're not the same
In what we've built
I'm not losing faith

We walked for miles as the city sleeps tonight
We walked for miles to break these chains we hold so
tight

We gave our eyes
To city lights
Sacrificing everything we know
This is our life
And we'll die
However we want to

We walked for miles as the city sleeps tonight
We walked for miles to break these chains we hold so
tight

So sleep tonight...
We'll sleep tonight...

We walked for miles as the city sleeps tonight
We walked for miles to break these chains we hold so
tight
