Said it before and I'll say it again
That I know in my brain that this is not the end

My mother said let it go, it was meant to be she'll come
back eventually
So I let her go, But what they don't know and what she
can't see that inside I'm dying
My hands are shaking, My heart she's taking, Part of
me is gone
She's been gone too long, she's been gone too long

It's time to let go, But I cant, and she knows
And can't we just pretend, like this is not the end

My mother said let it go, it was meant to be she'll come
back eventually
So I let her go, But what they don't know and what she
can't see that inside I'm dying
My hands are shaking, My heart she's taking, Part of
me is gone
She's been gone too long, she's been gone too long,
she's been gone too long

I'm not, she won the worst part of me
But now she's gone, I guess it wasn't meant to be

My mother said let it go, it was meant to be she'll come
back eventually
So I let her go, But what they don't know and what she
can't see that inside I'm dying
My hands are shaking, My heart she's taking, Part of
me is gone
She's been gone too long, she's been gone too long,
she's been gone too long
